

What Your Contribution Accomplishes

- **\$150 a month — \$1,800 a year — pays all costs for one student.**

LEAD Uganda pays their school fees at the best boarding schools. We buy their books, school supplies, school uniforms, clothes, and shoes. We provide medical care, transport, and emotional support to our traumatized children. We feed and house most of our students during school breaks since most are orphans and they do not have enough to eat at home.

Our students — AIDS orphans, child soldiers, child laborers, and kids from refugee camps — require more support and tutoring. Our students receive intensive tutoring from teachers. They attend workshops in web design, video, photography, writing, and leadership during school breaks.

- **\$100 a month — \$1,200 a year — pays tuition, room and board, books, and uniform at one of the best schools in Uganda.**

Most of our students attend the very best schools where tuition is higher. Half of our high school scholars go to the top dozen schools in Uganda, where they sit next to the offspring of cabinet ministers.

- **\$50 a month — \$600 a year — pays school fees for one student.**
- **\$25 a month — \$300 a year — covers workshops in leadership, video, science, and writing, plus transportation home during school breaks, school visits, and staff support for one student.**
- **\$10 a month — \$120 a year — buys school supplies, clothes and shoes for a child.**
- **\$5 a month — \$60 a year — provides medical care and books for one youngster.**

Every donation counts. Please give what you can.

We rely on the generosity of donors to support the dreams of the children.

Please consider making a donation of \$100 or \$150 a month for a year to sponsor a child. Your sponsorship will guarantee one of these children the educational and psychological support they need to recover and flourish.

In return for sponsoring a child, you will receive a photograph of your sponsored child, and regular school updates.
